

Committee Room, City Hall,
May 12th, 1920.

FOURTEENTH MEETING.

NO. 1 COMMITTEE meets in the Committee Room, City Hall, on Wednesday, May 12th, 1920, at 4 p.m.

PRESENT: Aldermen Cunningham (Chairman) Brighton, J.C. Wilson and Bridge.

331 CONSUMERS GASOLINE TANK.

Ivey, Elliott and Ivey making application for permission to instal two gasoline tanks for the purpose of a gasoline supply station, which tanks have dimensions of twelve feet, four inches, by three feet, ten inches, and are to be sunk in the ground in accordance with the by-law of the City of London and also in accordance with the rules and regulations of the National Board of Fire Underwriters. The station is to be built on the premises now known as 566 and 568 Richmond Street, and it is the intention of the Company to remove the present buildings and erect a most up-to-date gasoline supply station.

Mr. Ivey appeared on behalf of the Company and states that the station will be similar to that on Wellington Street.

Dr. Wilson moves, and it is adopted, that the petition be granted, subject to the approval of the Building Inspector and Fire Chief.

332 LABOR UNION RESOLUTIONS (see par. 272, 299)

T.G. Meredith acknowledging receipt of letter of the 29th ult. with copy of early closing by-laws Numbers 5942 and 5902. He understands Mr. Tite's request to be that the Council petition the Legislature for legislation which will provide for a penalty to be recovered from each person who commits a breach of the by-law, and also to provide that the by-law shall not come into force until one year after it has been passed.

If he understands Mr. Tite's request correctly it will, of course, be necessary to have legislation before these powers will be conferred upon the Council. As to whether or not the proposed amendments to the legislation are in the interests of the public, that, of course, is a matter for the Council and not for him.

Engineer Brazier submitting the following information, relative to the annexation of the territory between the City Limits and Springbank, for consideration:

(1) The portion of land it would be necessary to annex. Plan No. N-3-71 shows the London St. Ry. Co. tracks and other property between the present City Limits at the Second Cove and the westerly limit of Springbank Park. If it is intended to extend the limits so that the whole of the Company's tracks are within the City limits it would be necessary to annex all of the land abutting upon the tracks, i.e. the property owned by the City as shown in red and the property privately owned as shown in blue upon the plan. He reminded the Committee, however, that in the event of the whole of the Park and other property annexed abutting upon any public highway, the City would be jointly responsible with the Township for the maintenance and up-keep of any such highway.

(2) The amount owned by the City. The amount owned by the city is shown in red upon the plan and is approximately 460 acres.

(3) The affect of the annexation of this portion to the city on the mileage the city would be entitled to under the provisions of By-law No. 916, By-law No. 5360 dated the 21st day of July 1916 respecting the London St. Railway Co. provides for extensions to the extent of 4,673 feet in excess of a population of 45,000. Under the provisions of By-law No. 916, the City is entitled to one mile of track extension for each 2,000 increase in population. Assuming that the next Dominion census shows the population to be in the neighborhood of 60,000, the city would be entitled to extensions to the extent of seven and a half miles or 39,600 lin. ft. The length of the Springbank line is approximately 6.3 miles or 33,264 lin. ft. This, together with the excess already given makes a total of 37,937 lin. ft. The city then, on the population reaching 60,000, would only be entitled to an additional mileage of 1,663 lin. ft in addition to the Springbank track mileage, which is insufficient to take care of double tracking required at an early date such as Wellington Street, from Horton Street to South Street, Oxford Street, from Richmond St. to Adelaide Street, Dundas St., west from the Bridge to Wharnccliffe Rd. etc.

Upon motion the question of annexation of the lands lying between the present city limits and Springbank to the City is filed.

Upon motion the Clerk is instructed to advise the London Labor Representation Committee that the present city by-law provides for a penalty and that it is too late at this time to take up matters with the Government.

The gain in real estate has been arrived at from a careful revision of the property, equity being the standard. There has been very little building done in this ward.

The gain in income has exceeded his expectation owing to the statutory exemption on income for non-householders being increased from \$600 to \$700 and for householders from \$1500 to \$1700. He supposes the increased wages has made up for more than the increased exemption. Incomes are a very important factor of the work of the Assessment Department and demand much care and vigilance.

The increase in business assessment, of course, is automatic with the increased value of business premises.

The population of the ward in his opinion has increased, but owing to a population of 1665 at the military barracks last year as compared with 350 for the present year would leave 1315 to be accounted for, possibly the difference between 1315 and 989 (given loss) would be the actual increase of 326 in the ward.

Filed.

341 SEWER FARM ASSESSMENT.

E.S. Hunt submitting notice of assessment of sewer farm.
Referred to Engineer Brazier.

342 LEGISLATION (see par. 120, 319)

H.A. Stevenson submitting certain bills respecting:

- (a) Police estimates to be submitted to Council for approval.
- (b) Exemption from taxation of improvements, income and business.

Filed.

343 ELIZABETH FORD.

J.W. McCallum reporting re application of Mrs. Elizabeth Ford for admission to the Queen Alexandra Sanatorium. She is a widow; she has been housekeeping in the city but desires to return to England.

Upon motion the Committee recommend that Mr. McCallum be authorized to send Mrs. Ford to England.

344 ST. JOSEPH'S HOSPITAL INDIGENTS.

Inspector McCallum reporting re Mrs. Duval.

Upon motion the report is referred to the Chairman.

The Chairman recommends the acceptance of Mrs. Mary Duval as a city indigent.

345 SOLDIERS TAX EXEMPTION. (see par. 31, 59, 245, 265, 328)

T.G. Meredith submitting By-law No. to provide for exemption from taxation of certain dwelling houses (Soldiers' Tax remission).
The by-law is read and approved.

S. Baker reporting that he had received and examined the following applications and recommended the payment of the following claims, provided the by-law be passed, viz:
